BIDDING ORDER

[MAIN PAGE]

Placing a bid by telephone automatically leads to the placement of a bid in the amount of the minimum limit (at least EUR 50). We do not guarantee the successful establishment of a telephone connection. Written bids are binding and refer directly to the specified lot number. Taking into account and agreeing to the auction conditions listed on the website, I hereby authorize Auktionshaus Häusele GmbH to bid on my behalf and up to the specified maximum bid for the items listed.

The bids submitted are exclusive of buyer's premium and do not include VAT, which is levied on the buyer's premium. The amounts stated in your order represent your maximum bids, which will only be used to the extent necessary to beat the bid of another bidder. We may only accept orders from customers not known to us if a security deposit, references or a check in the corresponding amount is presented. We treat written bids with the greatest possible care, but cannot guarantee that they will be carried out. We kindly ask you to carefully follow the shipping instructions.

***For telephone bidding orders, please enter a "T" in the "Telephone bid" column.**
